

PanAust – a case study

Dr Fred Hess,
2 December, 2015

Like sands through the hourglass...

Searching in the wilderness

The world's my stage

Graduation

Making the grade

A near death experience

Play it again Sam

Dead ends

A lifeline or an anchor?

Unloved to loved

Metamorphosis

To be, or not to be?

Searching in the wilderness

- Birth
- Just another wannabe
- Forever searching, forever fund raising

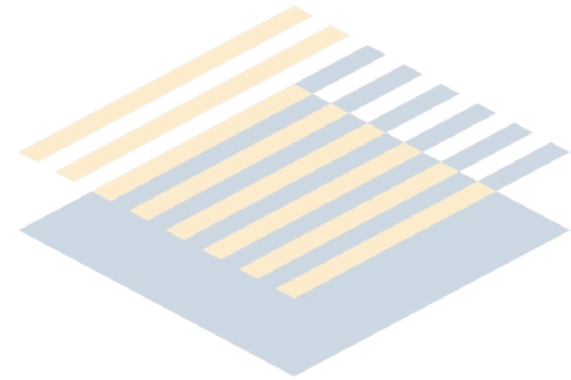

PANAUST

The world's my stage

- Passports please
- Right place – right time
- Cheap as chips

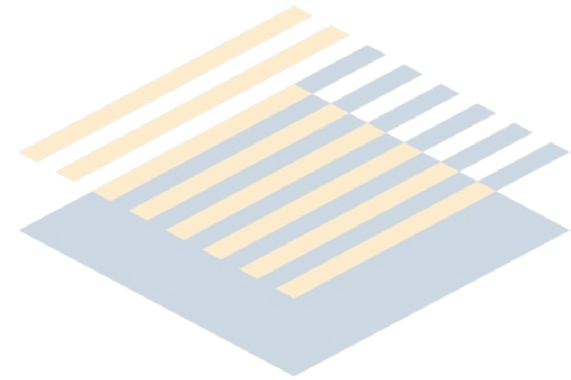

PANAUST

Graduation

- Made it at last
- Crashing back to earth
- What have we got ourselves into?
- Running repairs

PANAUST

Making the grade

- Have I got a deal for you
- Taking the plunge
- Surf's up
- Riding the wave
- Crashing into the reef

PANAUSTRALIA

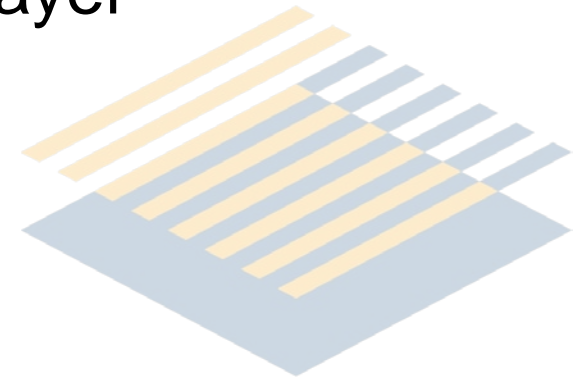

A near death experience

- Reality bites (again)
- Where's my money?
- Regrets – I've had a few
- From the jaws of death
- Grasping the life buoy
- Casting the usurers from the temple
- Back on track

Play it again Sam

- Things are looking up
- Striking out alone on a wing and a prayer
- Flushed with success
- The search continues:
 - at home
 - abroad
- Making the house stronger

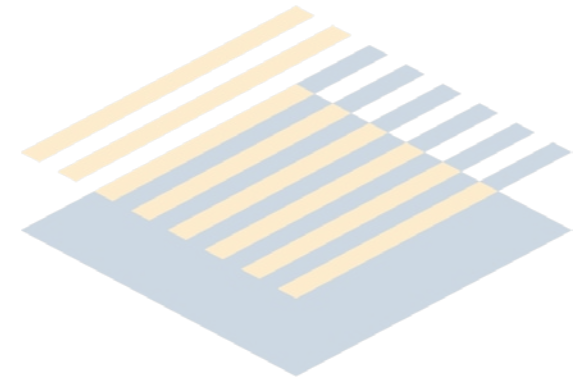

PANAUST

Dead ends

- Feeding the market beast
- Backing the wrong horses
- Doubling down

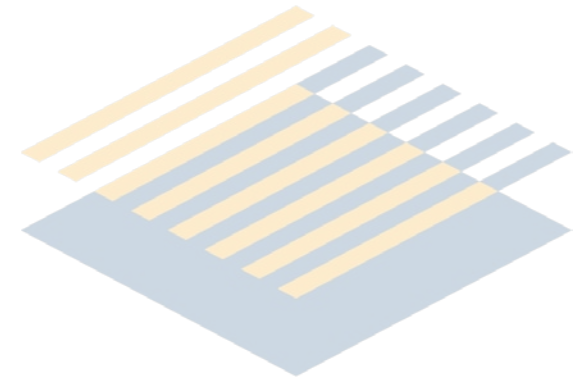

PANAUST

A lifeline or an anchor?

- Have I got a deal for you
- Love at first sight
- Convincing the parents

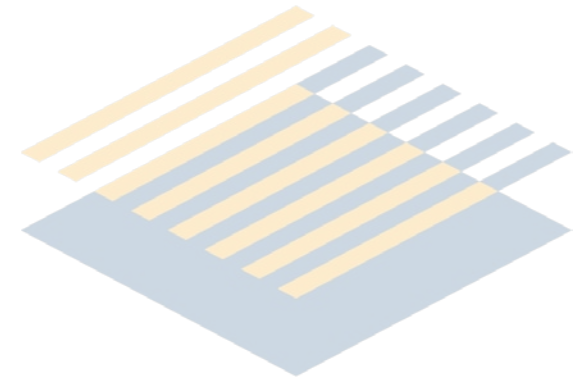

PANAUST

Unloved to loved

- The music slows down
- Where are all our friends when you need them?
- Exit – stage left
- Come dance with me
- We could have danced all night
- A shotgun wedding

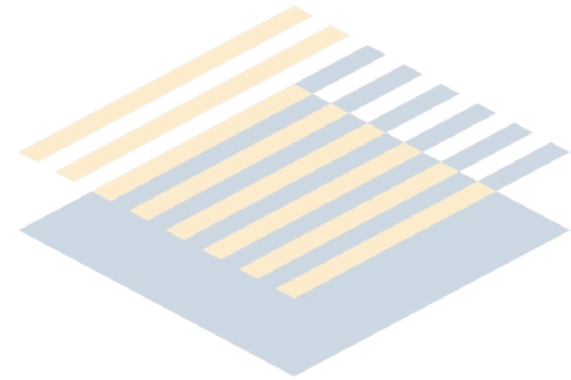

PANAUST

Metamorphosis

- Leaving the past behind
- A mid race engine change
- Living the dream

PANAUST

To be, or not to be?

Whither hence?
