However, if you are subjected to, or are concerned about intimidation, harassment or reprisal as a result of using the Fair Treatment System, then you should consider making a report under this Standard.

While everyone is encouraged to raise a PanAust Way concern, any action taken with mischievous or malicious intent is against PanAust's values – all issues raised must be genuine.

3.5 Procedure after a report is made

PanAust requires that all reports made under this Standard are addressed and investigated promptly and appropriately.

By making a report to the Whistleblower Service, you will be taken to consent to the details of the report (including your identity, unless you elect to remain anonymous) being provided to the Whistleblower Officer and the Investigation Officer and handled in accordance with this Standard.

When a report is received the following procedure applies:

- e. The Investigation Officer will prepare an investigation report and forward it to the Whistleblower Officer for review. The Whistleblower Officer will forward the report to the General Manager of the relevant business unit or to the Managing Director or their delegate (“Specified Key Person”) for consideration. The Specified Key Person is responsible for determining the response to be taken. The response may include addressing the particular complaint and also any remedial action to prevent a re-occurrence. Depending upon the seriousness of the complaint, the Specified Key Person may also liaise with external authorities (such as a law enforcement agency) where conduct is deemed to have breached relevant laws.
- f. The Whistleblower Officer will provide advice of the outcomes to the person who made the report should contact details be provided.

PanAust will keep any persons who make a report under this Standard regularly informed as to the progress of any investigation undertaken. PanAust will ensure the fair treatment of the person who makes a report, as well as fair treatment of an employee mentioned in a disclosure, or to whom a disclosure relates, including a fair and objective investigation process, access to Human Resources personnel and PanAust's employee assistance program.

PanAust will not tolerate any reprisals, discrimination, harassment, intimidation or victimisation against either a person who makes a report under this Standard or that person's colleagues or relatives. PanAust will regard any such retaliatory action as serious misconduct and will deal with it in accordance with The PanAust Way and the PanAust Disciplinary Standard.

No person is permitted to use or attempt to use their official authority, influence or position to interfere with another person's right to make a report under this Standard.

If the identity of a person who makes a report under this Standard is likely to be identified from the report, then the person may request special measures to be taken to protect them (for example, reassignment or leave of absence whilst an investigation is undertaken). Any such request should be made through the Whistleblower Officer who will consider the request in the context of the reasonable interests of both PanAust and the person who has made the report.

PanAust will ensure that any records relating to a report are stored securely and are only able to be accessed by authorised personnel. Records will be kept separate from an employee’s personnel file. If any disciplinary action is taken against an employee as a result of an issue arising under this Standard, then a record of such disciplinary action will be kept on that employee’s file.

If a person wishes to make a report on an anonymous basis, then the person’s identity will be protected to the extent practicable. Subject to the provisions of the Australian Corporations Act 2001 and the Australian Tax Administration Act 1953, PanAust will not disclose the person’s identity without their prior consent unless disclosure is required by law, for safety reasons or to allow a matter to be properly investigated. To the extent that confidentiality is lost, PanAust undertakes to manage the matter in good faith and provide the person with appropriate support.

Improper disclosure of confidential information (including the disclosure of the identity of a person making a report under this Standard) is a breach of The PanAust Way, this Standard, and may be a breach of local laws.
